Schlage **Kanso**
Simplicity defined.

Simplicity is the outcome of technical subtlety. It is the goal, not the starting point.

Kanso, the Zen principle of simplicity, is an expression of simple and natural design. The Schlage Kanzo suite of aluminium door and window hardware embodies these principles with a look that is subtle and minimalist, yet cohesive and contemporary; a design that reflects harmony and style.

Every element of the Schlage Kanzo suite has been carefully considered, engineered and tested locally, to ensure strength, style and suitability. The Kanzo suite blends perfectly with the Schlage Form Series of interior door hardware, to create a harmonious design flow throughout the home.

With 100 years of expertise, trusted in over 40 million homes around the globe, Schlage continues to create stylish and secure openings.
